

Advanced Mage Skills

Note: These skills may only be purchased with permission from the ref team.

Make Scroll per Level

Cost: 2 per level up to 9th

This skill allows a character to make scrolls of any magical spells they know. Each day they can make a number of levels of scroll equal to their make scroll level. For example if a character had make scroll level 4. Then he could make a scroll of 1 x Level 4 spell or he could make 2 x scrolls of Level 2 spells.

Identify Basic Item

Cost: 3

This ability allows the user to determine the magical properties of a basic item. Requires the item to be handled and 15 minutes of uninterrupted concentration. This skill will not allow the user to determine if the item is cursed.

Identify Medium Item

Cost: 4

This ability allows the user to determine all magical properties of a medium magical item. Requires the item to be handled and 15 minutes of uninterrupted concentration. This skill will not allow the user to determine if the item is cursed.

Identify Complex Item

Cost: 5

This ability allows the user to try and determine the magical properties of powerful or sentient magical items. Requires the item to be handled and 15 minutes of uninterrupted concentration. This skill will not allow the user to determine if the item is cursed.
